MT3000 Medium Throw

Flame

brite.box.inc

Advantages:

Efficiency: 2X more power efficient than comparable fixtures, FCD/watt

Light Weight: 50% lighter than comparable fixtures

Compact: 2X smaller than comparable fixtures

Power supply: Integrated & power factor corrected

Xenon lamp: Integrated reflector and lamp for safe installation, removal and disposal

5500-5700 Kelvin: color temperature, consistent lamp to lamp

Features:

- Variable output, Operates at 1,200-1600W without changing the lamp
- Integrated under belly mount high efficiency power factor corrected power supply
- Internal mount 6 frame color changer
- Separate front and rear lens action with ¼ turn lock for easy focus and zoom
- Dowser/fader, chopper and iris for special effects
- Pan and tilt with locking tilt
- Elapsed time meter
- Integrated quartz free lamp and reflector allow easy lamp adjustment too tune the output

The Brightest 1600W Followspot on earth

brite.box.inc

Introducing a revolutionary New followspot. The Brite Box, Inc. "Flame" Medium Throw

Developed by **Brite Box, Inc.**

Manufactured by **Phoebus MFG**

Brite Box Medium Throw		
Model		MT3000
Length		40"
Width	Including handles	17"
Height	Including color changer and PS	24"
Fixture weight	Less stand	105 lbs
Stand weight		55 lbs
Power Requirements	Single phase, 50/60HZ	200 - 245 V A/C
Current	Max.	13 amperes A/C
Wattage	Max.	1600
Road case dimension	Includes fixture, stand and power supply	70" x 39" by 23"
Road case weight	Includes fixture, stand and power supply	230lbs
